758 – Sage Sanctuary | Modern Oasis Collection

SUPERIOR PERFORMACE. SUPER-MATTE.

MEET EVER**MATTE**™

Experience beauty that stands the test of time with EverMatte from Funder by Genesis. This proprietary product invokes a sensory response while elevating your TFL panel by creating a velvety soft, yet superbly strong, extra layer of protection. The scratch and water-resistant properties add to its long-lasting durability, resulting in a beautiful, fingerprint-free finish you can trust.

AN EXCLUSIVE FINISH DESIGNED TO ELEVATE

Added durability
Evermatte is fused with the panel during the TFL process, leading to a more durable finish

Soft-touch
Delivers a luxurious, sensory experience you can't help but touch

Fingerprint resistant
Stands up to everyday usage with anti-fingerprint technology, ideal for high-touch spaces

Scratch and water resistant
By design, TFL is durable with scratch and water-resistant properties baked in

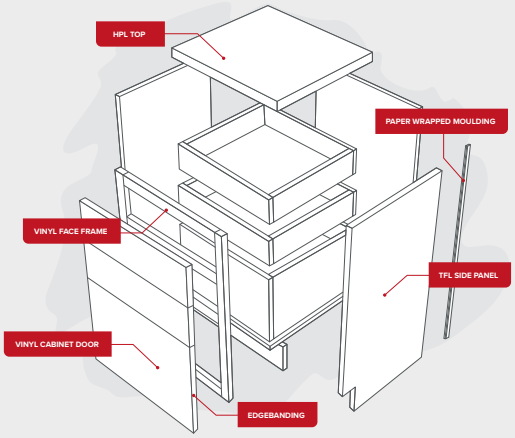
Flexibility in design
Add to any smooth-surfaced TFL panel, in woodgrains or solid colors, to elevate its look and feel

MEETING MARKET DEMANDS

EverMatte™ was developed to align with design trends and customer expectations. Because it is a super-matte, soft-touch material, it allows the true beauty of the TFL panel to come through while the materials around it shine.

COMPLETE THE PANEL WITH SURFACE SYNERGIES

Our decorative surface program has been revamped and is now the most complete in the industry. With over 35 colors to choose from, we can match up to 6 surfaces, EverMatte included.



STANDARD SIZING

We know that flexibility in size and substrate matter in helping you realize your vision. Build a program with us that meets your project needs with the ability to choose from these panel sizes and thicknesses.
